The daily ritual

One stick, once a day

01

Open

Tear the stick at the Easy Cut line.

02

Add to water

Pour one stick into a glass of water.

03

Stir and drink

Stir well and drink, once a day.

10–12 weeks

Not a magic powder. A daily habit.

Collagen is about consistency. Take one stick every day for 10–12 weeks before you evaluate your routine.
